SOC-2 Type II Certification

Brighton Science partners with best-in-class cloud service and cloud computing platforms. Like Brighton Science, our primary cloud service provider Azure has built a comprehensive Information Security and Compliance trust program. This program includes many of the same certifications as Brighton Science such as ISO27001 and ISO9001. In addition, Azure has implemented more specific standards such as 27017. They have also undertaken a SOC-2 Type II audit.

For more detailed information about Microsoft Azure's SOC-2 Type II Certification, and their other standards, please visit the following link: Microsoft Azure SOC-2 Type II Certification

As part of our Information Security and Compliance Program, we continuously review the standards we adhere and get audited to.

If you have any further questions or concerns, please don't hesitate to reach out to us.

Regards,

Alicia M Gates

Manager, Quality & Compliance
